

LUKASZ KORONA

Data Scientist / ML Engineer

korona.lukasz@gmail.com | +35677321525 | github.com/ILikeNNs | immediate availability

WORK EXPERIENCE

Bitstarz, Data Scientist - led machine learning projects for churn prediction (Pytorch, LGBM) - created machine learning pipelines in production (AWS, Docker) - used AWS products to monitor the performance and stability of ML pipelines and models	03/2022 – 04/2025 Malta
William Hill International, Data Scientist - worked on the Marketing Mix Modelling project - assisted in refactoring the codebase for existing machine learning projects	10/2021 – 03/2022 Malta
Bitstarz, Data Scientist - created machine learning models for churn prediction (Pytorch, LGBM) - created probabilistic models for LTV and churn prediction (BG/NBD and its extensions)	09/2020 – 09/2021 Malta
Casumo, Data Scientist - built ad-hoc analyses and analytical solutions in Python (Jupyter, Sagemaker) - led machine learning projects for sentiment analysis and churn modelling (SKLearn) - created BI dashboards in Sisense for various departments (operations, CRM, sportsbook)	04/2017 – 09/2020 Malta
FedEx, Marketing Analyst	01/2016 – 03/2017 Krakow, Poland
Citibank, AML Analyst	09/2014 – 04/2015 Warsaw, Poland
Freightliner, Planning Specialist	03/2011 – 06/2014 Warsaw, Poland

EDUCATION AND QUALIFICATIONS

MSc, Warsaw School of Economics Degree: Quantitative Methods and Information Systems in Economics	09/2011 – 11/2013 Warsaw, Poland
BSc, Warsaw School of Economics Degree: Quantitative Methods and Information Systems in Economics	09/2008 – 06/2011 Warsaw, Poland

SKILLS

Python the Python Standard Library	SQL PostgreSQL	deep learning frameworks Pytorch, Tensorflow	data science libraries pandas, numpy, SKLearn, LGBM, transformers, matplotlib
AWS ecosystem Sagemaker AI, Redshift, Lambda, ECR, S3, boto3	other tools Docker, Gradio, OpenAI Python client, Microsoft Office Suite	BI tools Sisense, Tableau	

LANGUAGES

• Polish - native	• English - fluent	• German - conversational	• Spanish - basic
-------------------	--------------------	---------------------------	-------------------

COURSES

AWS Certified Generative AI Developer - Professional, AWS	05/2026 – Present
AI Engineer Track (core, agentic, production), Ed Donner with Udemy	06/2026 – Present
AWS Machine Learning Engineer Nanodegree, Udacity	03/2023 – 07/2023
Machine Learning Engineer Nanodegree, Udacity	09/2021 – 01/2022
Deep Learning Specialization, Coursera	02/2018 – 04/2018

INTERESTS

Backpacking circled the entire globe between 04.2025 and 07.2026	Trekking Trying to go higher and higher - current record: 5036 metres	Playing music 12 years of playing the violin in a music school
